

## Preserve Our Water

### Donate Today!

You depend on water every day. You and the community needs water for survival, recreation opportunities, wildlife habitat and quality of life.

Please donate to help us highlight local water issues as a supplement to the Smithsonian *Water/Ways* exhibit coming to Black Canyon City in 2019. *Water/Ways* tells the story of water in Arizona. Your donations will be used to add a local focus.

Funds will be used to:

- Bring experts to speak at community venues monthly in 2019 covering water issues such as historical, cultural, and environmental role and importance of our local area waters from pre-historic to present times.
- Develop companion exhibits that will stay for use at local schools and events.
- Develop educational programming for engagement within our schools and communities.
- Underwrite advertising to attract visitors into and within the community.
- Help create dynamic local portable exhibit(s) and permanent displays related to the Water/Way Themes.

Donate now to help our *Water/Ways* program bring water education to our local youth and general public so they may value our riparian and water resources and take action to preserve and improve them.

Here are ways you can donate:

- Send your check payable to "BCHP" to: BCHP-Water/Ways, PO Box 33, Black

Canyon City, AZ 85324.

- Click on the button below to donate online:
