

## Park News and Opportunities

### CELEBRATE

### *Water, Black Canyon City, & Me*

***Made possible by Arizona Humanities, our sponsors, donors, and volunteers.***

The Black Canyon Heritage Park received a competitive grant from Arizona Humanities for our "*Water, Black Canyon City & Me*" program. This grant provides much of the funding for the venues, speakers, and promotions for the eight events that we are planning to have during the next eight months (see more below).

We thank our sponsors who have provided additional funding to hire an event coordinator and cover many other expenses.

Thanks to our volunteers that provide the help and in-kind assistance that round out the needs to produce this program.

### Welcome Lani Lott to our Team

We have officially launched the "*Water, Black Canyon City & Me*" Program with the hiring of Ms. Lani Lott, President of L.L. Consulting, as the Event Coordinator. Ms. Lott will be assisting with the coordination of the year-long local activities that highlight the ways we interact with water and society's dependence on water while sharing ways that we can act also act as water stewards. The events will complement the Smithsonian Institution's Museum on Main Street exhibit, "*AZ Water/Ways*".

## Education Success

Congratulations to the Boulder Creek High School Students with their instructor Ms. Emily McCall, and student Livia H. who completed their first Audubon River Pathways field trip at Heritage Park. Audubon Arizona staff (Steve Prager, Dan Hite and Mason Wiggins) led the staff through bird inventory, plant identification and habitat management exercises.

We look forward to their next field trip on the Agua Fria National Monument.

We are seeking to have more schools take advantage of this great opportunity. Our
