Huge thanks to our Friends of Black Canyon Heritage Park!

To recognize the generous donors who financially support our programs and resources of Black Canyon Heritage Park, we have launched our "Friends of Black Canyon Heritage Park" sponsorship program.

Recognition of our Friends is categorized into four levels of giving: Steward, Discoverer, Curious, and Supporter. Friends will be promoted on BCHP's website, on our Facebook page, and at various public events at the Park.

What a great way to show your support of BCHP educational programs AND get some great PR exposure (if you want it) in our community!

Many thanks for the generosity of our Friends:

Anthem Rotary Club Donates to Black Canyon Heritage Park

The Anthem Rotary Club joined our Friends of the Park program, making a

generous donation of \$2,500 and becoming a Steward-level Friend.

We will use the funds to make needed improvements to our picnic area, with new picnic tables and signage.

Once the structures are installed later this summer, the picnic spot will be officially dedicated as the Rotary Club of Anthem Picnic Area. All are welcome to enjoy this new spot. Many thanks to our Friends at Anthem Rotary. Learn more in this [YouTube VIDEO!](#)

Your eBird sightings make a **HUGE IMPACT!**

There's a **BIGGER** reason to upload your bird sightings!

When you submit your bird sightings to our eBird page, it allows us to have a better idea of all the birds that live in or visit our park! These efforts go even further to allow researchers to identify priority areas for certain species and take proactive action.

This knowledge helps the birding community create new approaches moving forward. From education to conservation, and even legislation, you are helping the birds more than you think

Bird Highlight: **American Kestrel**

Spotted in March and highlighted recently, the American Kestrel is usually seen perched on telephone wires, waiting to swoop down and catch small prey.

Seen all across America, this beautiful bird enjoys open country with little to no trees or vegetation to allow for it to hunt easier!

Did you know? The American Kestrel is the smallest falcon in North America!
