3. Offer education programs

## Agua Fria Watershed Panel Discussion

Did you miss the panel discussion or like to see the recording? **You can. Click [HERE](#).** This was a Sustainable Water Network event with panelists Ann Hutchinson (Black Canyon Heritage Park), Mary Hoadley, (Upper Agua Fria Watershed Partnership) Tim Flood (Friends of the Agua Fria National Monument), Tony Angueira, (Yavapai County Flood Control District ).

Our goal is to show where the watershed is located, the values of the watershed, and why it needs protection to meet the needs (quality and quantity) of

people and nature.

The Agua Fria River starts near Prescott, passes through the Agua Fria Monument, Black Canyon City and Lake Pleasant to finally ends where it joins the Gila River. The watershed is an area of land in which water collects and, ultimately, drains into the Agua Fria River. [Click HERE](#) for our Agua Fria Watershed website.
