## Work in Progress

## Thanks to smallMatters Institute, other donors, and Volunteers!

Thanks to donations (approximately 50% from one of our Stewards, smallMatters Institute, combined with more from other individuals), we are replacing the disintegrating rope fencing along the nature path with stainless steel cable. Preparation required the drilling of 960 holes, mostly by volunteer Charles Beisel, and installation of eyelets in each hole by volunteers Georgette Beisel, Bob Cothorn, and Dale and Arlene Evanson.

Cable installation is currently in progress by volunteers Dale Evanson, Tony Messner, Mike Scott and Bob Cothorn. Weather permitting, the project should be completed by the end of the month.

### Thanks to our Newsletter Sponsors
