Time to Give - AZ Gives Day - Now thru April 2

Rally to support **Black Canyon Heritage Park** now through April 2

AZ Gives Day is an impactful online giving event for Arizona local nonprofits, which since its inception, has successfully generated over \$30 million.

Last year, BCHP raised approximately \$700. This year, our goal is to raise \$3,000 to fund crucial facility improvements and repairs to support our activities and programs. These include enhancing the wildlife habitat, educational programs, water irrigation systems, and trail features. Your assistance is invaluable, and there are several ways you can contribute:

- 1. Donate to BCHP at**
<https://www.azgives.org/BCHeritagePark>
- 2. Offer a Match Donation:**
Make an even greater impact by offering a match donation for BCHP up to an amount set by you. This will inspire others to contribute.
- 3. Expand BCHP's Reach:**
Contact Ann at 623.293.8628 or **email** for details on how you can actively participate in our fundraising efforts, helping us broaden our impact and support.

Together, let's make a lasting difference for Black Canyon Heritage Park. Your involvement can contribute to the development and success of this vital park..

April 20 - Work Day Volunteers Needed

Event Details:

April 20, 2024

- Starts at 8 AM
- Ends at Noon

Place:

Black Canyon Heritage Park
33955 Old Black Canyon Highway
Black Canyon City, AZ 85324

We need you at our next workday - **April 20, 8 AM to noon at the park.** Enjoy a healthy day outdoors with friends!

Come help remove invasive vegetation as well as transplant plants to attract our pollinators. Other work includes helping clear vegetation from the Nature Walk and working on other park improvement tasks identified that day.

Why is Our Riparian Park so Special?

Riparian zones, or areas, are lands that occur along the edges of rivers, streams, lakes, and other water bodies. Less than .5% of Arizona land is riparian areas. [Click HERE](#) to learn more at the Arizona Riparian's Fact Sheet.

Our park's desert riparian habitat benefits both the bird and pollinator (like butterflies) life year around by increasing the diversity of food sources and by providing dense cover for nesting.
