Dear Ann,

At Black Canyon Heritage Park (BCHP), we're on a mission to safeguard one of Arizona's last remaining Sonoran Desert riparian areas. But today, less than 1% of Arizona's original riparian habitats remain. These lush ribbons of green, tucked within arid landscapes, are critical oases for wildlife and people alike.

That's why we're thrilled to announce our 2024 Year-End Campaign: "Preserving Arizona's Rare Riparian Treasures." From now until December 31st, we invite you to join us in protecting these vital ecosystems and connecting our community with the wonders of the natural world.

When you give to BCHP, you help:

- Conserve this pristine desert wetland and the diverse species that rely on it
- Provide immersive environmental education programs for learners of all ages
- Maintain accessible trail and engaging interpretive experiences for park visitors
- Advance critical projects to enhance habitat resilience and sustainability

Your support is the lifeblood of this important work. As we kick off this year-end campaign, we hope you'll consider making a tax-deductible gift to BCHP. Every contribution, no matter the size, makes a tangible difference for the landscapes and wildlife we cherish.

Stay tuned in the coming weeks as we share more about the impact your generosity makes possible. From all of us at BCHP, thank you for being part of this community and for your commitment to preserving Arizona's natural heritage.

With gratitude,

Bob Cothorn, Chair

Black Canyon Heritage Park *(a subsidiary of Black Canyon City Community Association)*
