Dear Ann,

As we approach the end of another year at Black Canyon Heritage Park, we are eager to look ahead – to envision the future we want to create and the bold steps we'll take to get there.

Today, we want to share with you some of the ambitious goals and innovative strategies that will shape our work in the coming years.

Building on the strong foundation of support from people like you, we're dreaming big and aiming high to protect and enhance Arizona's precious riparian habitats.

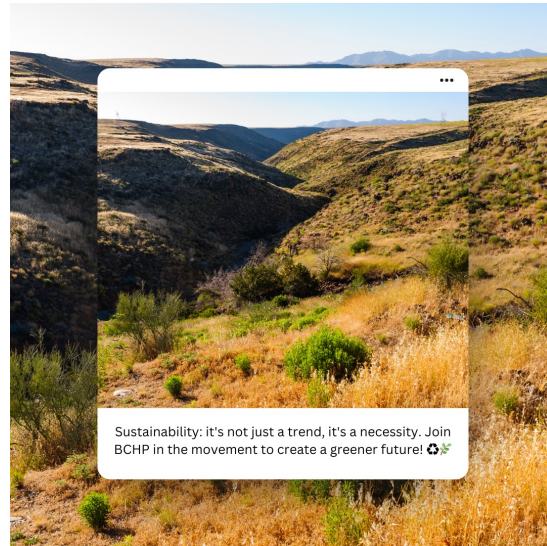

Here are just a few of the exciting initiatives on the horizon:

1. Expanding Our Reach: We're working to establish new partnerships and collaborative projects. This will extend the impact of our conservation efforts beyond BCHP's borders, leveraging our expertise to benefit riparian ecosystems across the state.

2. Advancing Climate Resilience: As climate change impacts intensify, we're developing adaptive management strategies. This will help our habitats and wildlife weather the storm. Strategies range from drought-tolerant plantings to innovative water conservation techniques.

3. Empowering Citizen Science: We're launching a new volunteer opportunity. We will engage the public in hands-on scientific research and monitoring that will harness the power of community to drive conservation forward.

4. Investing in Education: We're doubling down on our commitment to environmental education. We plan to expand our school partnership programs, develop new interpretive exhibits as well as online learning resources. We want to cultivate the next generation of conservation

leaders.

These are just a few of the visionary goals we've set for the years ahead – **but we can't achieve them without your support.**

When you give to BCHP's Year-End Campaign, you're not just investing in our work today – you're helping to lay the groundwork for a brighter, more sustainable future for Arizona's riparian habitats and the communities that depend on them.

Will you join us in bringing this bold vision to life?

Every gift, no matter the size, helps propel us forward and brings us closer to realizing our shared dreams for this precious landscape. Thank you for being a part of this journey. With gratitude,

Bob Cothern, Chair
Black Canyon Heritage Park *(a subsidiary of Black Canyon City Community Association)*

P.S. Curious to learn more about our long-term vision and strategic plan? Call Ann Hutchinson at [623.298.8628](tel:623.298.8628) to set up a meeting with Bob Cothern and Ann to dive into the details and see how you can play a role in shaping the future of conservation at BCHP.
